ATOMIC BOMBEscaped German Scientist
Tells Story To U. S.
Authorities

EDITOR'S NOTE: The account of a German physicist on atomic research in Russia told in the following dispatch is known to British-American military authorities. The scientist declared he "feared the result" if he was publicly identified by name.

BY RICHARD O'REGAN
NEUSTADT, Germany, March 25.—A German atom scientist, who said he recently "escaped" from a Russian government laboratory in Moscow, asserted today that the Soviet union is "very near" to developing an atom bomb.

Lifting the curtain on what he described as Russia's "all out" attempts to match—perhaps better—America's mighty secret, the nuclear physicist said in an interview:

"From what I have seen, I believe Russia will have a bomb similar to the United States within three to five years."

Russia's efforts to harness the atom are "relentless," the scientist declared.

Work Day and Night
Her scientists are sweating blood day and night.

The scientist said he had returned to Germany "at the risk of his life" and asserted he hoped to go to the United States soon.

Insisting that he must not be identified by name, the German professor said some of the "secrets" of Russian atomic research were:

(1) "At least 200 German scientists and technicians, including some of Germany's foremost nuclear physicists, are working for the Russian government in a virtual paradise of problems of nuclear fission."

(2) More "recruits" are being sought in all zones of Germany, including the American and particularly the Russian, by Russian officers and by Germans sent back to convince former colleagues a paradise is awaiting them.

(3) The German scientists have everything they need for their research—and are treated equally, if not better than Russian physicists. They work in Moscow, in the great palaces of southern Russia and in Siberia, beyond the Urals.

(4) Rare German cyclotrons and other high-voltage equipment used

Physical Tests For
Fourth Grade Pupils

Physical examination of all fourth grade school children has been announced as a welfare project for 1947 by the Salem Kiwanis club.

The club's welfare committee, headed by Dr. Roy E. Smucker, will supervise the examinations. A special emphasis will be placed on ear, nose and throat checkups.

Recommendations will be made to parents of children who have shown physical ailments, a Kiwanis club spokesman said.

The examinations will take approximately six weeks to complete. Preparations for beginning the examinations are now under way.

R. F. Benzinger, 55, Electric
Furnace Co. President, Dies

R. F. Benzinger

Roland Frederick Benzinger, prominent Salem industrialist and president of the Electric Furnace Co., died at 8 a. m. today at his home, 1241 E. State st., following an illness of 22 months. He was 55.

Death was due to a heart ailment. Mr. Benzinger had been president of the Electric Furnace Co. since the death of F. A. Holmes of Alliance in 1937. Prior to that he had served as vice president and secretary of the company which was organized in 1923.

He came to Salem in 1923, having served previously as an officer of an Alliance firm and before that as manager of the Olean Power & Light Co., Olean, N. Y.

Native of New York

Born in New York City, July 11, 1891, he was the son of Frederick and Harriet Burdick Benzinger. He was a member of the Episcopal church here and the Masonic bodies in Alliance.

Mr. Benzinger served as a director of the First National bank and the Salem Central clinic.

He was re-elected president of the Electric Furnace Co. at the annual business meeting of the firm only yesterday.

Surviving are his wife, Mrs. Norma Benzinger; two daughters, Mrs. Herbert P. Lindsay of Wichita, Kan., and Mrs. G. Findlay Reed of Kansas City, Mo.; six grandchildren and a sister, Mrs. Leonia Burdick of Miami, Fla.

The body is at the Stark Memorial pending funeral arrangements.

CHINA TO GET
DAIREN PORTRussia Will Renounce
Controls, United States
Is Notified

(By Associated Press)

WASHINGTON, March 25.—Russia has notified the United States that she is ready to take "appropriate steps" to carry out an agreement to give China the controls of the Manchurian port of Dairen, the State department announced today.

The Soviet notification was in response to an American note to Moscow and Nanjing expressing hope that the "current unsatisfactory situation" at Dairen could be settled soon.

The Russian reply was dated Feb. 27.

Press Officer Lincoln White said that the United States in the last few days had expressed hope that Russia and China would complete necessary arrangements for the transfer "in the near future."

Dairen has been under Soviet military control since the Russians moved into Manchuria in the closing days of the war with Japan.

The Chinese and Soviet governments agreed Aug. 14, 1945, that control should be turned over to Chinese administration and the port opened to international commerce. The agreement never has been executed.

Meanwhile, American citizens have been denied permission to enter Dairen and a United States naval vessel was ordered from the harbor early this year upon expiration of its authorized leave.

China likewise has replied to the American note which was delivered Jan. 3, urging transfer of the port. The Chinese expressed agreement with American views that carrying out the transfer would help restore normal conditions in the Far East.

The Chinese said they had made earnest efforts to put the agreement into effect.

Deming Co. Cites
Employee Group

Employees of the Deming Co., who recently returned from the service, and employees with 20 and 25-year service records were honored at a banquet given by the Deming Foreman's club Monday evening in the Memorial building.

Short talks were given by E. S. Dawson, plant superintendent, and G. R. Deming, who awarded service pins.

Various forms of recreation was enjoyed during the social period. Those receiving 25-year pins are: Walter Shallenberg, John Shunn, Albert J. Sanders, Rudolph T. Pittcar, Jacob Fife, G. E. Trisler, James Stanciu, L. F. Morningsstar, Robert W. Mathey, William Knoedler, Matthew Klomer, Jr., Alvie Hepler, Frank Ehrhart, Frank Sell, Casper Gabler and Carl Flickinger.

The 20-year group is as follows: Oscar Burrier, Emerson Apple, Perry Grady, Albert Kidd, Charles Miller, Elmer Stanyard, Harvey Breitenstein, Earl Buraw, Merle Grace, Chalmers Groves, Dan Hute, George King, Frank Salvino, J. J. Stanyard, William Wank, Walter Warner, Herbert Platt, Lloyd Wank, Dewey Bush, Ernest Horton, Mrs. Maude Fred, Mrs. Theresa Makin, Fred Horstman, John McQuiston and Charles Cordier.

DRIVE NETS \$2,655

A total of \$2,655 towards the goal of \$6,500 has been collected in the campaign for funds to improve the Girl Scout recreational center, Camp Merrydale, Mrs. W. E. Quillian, drive chairman, announced today.

The amount still needed is \$3,845.

ELECTRIC FURNACE
CO. DIRECTORS AND
OFFICERS RENAMED

(By Associated Press)

R. F. Benzinger, F. T. Cope, A. J. Holmes and R. D. Painter were re-elected directors for 1947 at the annual meeting of stockholders of the Electric Furnace Co. Monday afternoon at the plant.

F. U. Wirtz, executive vice president, was elected a director, succeeding F. Prantz, who recently retired due to illness.

Immediately following the stockholders' meeting, the board of directors met and re-elected the following officers:

R. F. Benzinger, president; F. T. Cope, treasurer; K. U. Wirtz, executive vice president; C. L. West, vice president; Curtis H. Vaughan, assistant vice president; R. D. Painter, secretary.

Wirtz, who presided at the meeting, reported a satisfactory backlog of orders on the company's books at the end of 1946.

He declared that operations for 1946 showed an improvement over those of the previous year despite the many difficulties encountered in obtaining materials due to shortages and to work stoppages in plants of suppliers which tended to hamper production.

With reference to the company's outlook for 1947, "It is difficult," Wirtz stated, "to forecast beyond the immediate future due to the many uncertainties facing industry today." "However," he added, "based on shipments to date and unfilled orders on the company's books, the company's volume for 1947 should compare favorably with 1946."

The Electric Furnace Co., which was organized here in 1923, was originally engaged exclusively in designing and building electric furnaces for melting, annealing and other industrial heating and heat treating processes.

In 1928 a fuel-fired furnace department was added for designing and building large gas-fired and oil-fired furnaces.

Due to the company's many new developments in its fuel-fired furnace field, the company's sale of fuel-fired equipment has increased each year and now equals and in some years exceeds their electric furnace volume.

Included in the company's expansion program is the addition of a new building of partial glass block construction, air conditioned and with modern lighting equipment which is practically completed, and will greatly enlarge the facilities of the engineering department and the general office.

Marshall Favors All Allied
Nations Helping Draft Treaty

(By Associated Press)

MOSCOW, March 25.—U. S. Secretary of State Marshall urged in the Foreign Ministers council tonight that all nations which declared war on Germany participate in the final peace settlement.

The Marshall recommendation was made as the ministers took up discussion of procedure for the German peace conference.

Soviet Foreign Minister V. M. Molotov urged that Albania and Iran be included among the members of the consultative and information conference which would assist in drafting a preliminary treaty.

The question of participation of these two countries was referred to the ministers' deputies.

Equal Rights Urged

Marshall proposed that the foreign ministers' conference with China call a peace conference of all states which had been at war with Germany and that all have full and equal rights.

Marshall also urged that, after the peace conference, the foreign ministers draft a final treaty for Germany, considering as top priority all recommendations passed by a two-thirds vote of the conference. He asked that note be taken of all other recommendations passed by a majority vote.

The American secretary said he did not believe any German government should be saddled with the onus of signing a treaty and that the constitution to be adopted by the Germans should contain a clause which would commit the Germans to live up to the terms of the treaty.

This, he said, would let the whole matter be passed on by the German people.

French Foreign Minister Georges Bidault supported the American view, but British Foreign Secretary Ernest Bevin opposed it—at least temporarily. Bevin said he doubted the legality of such a clause.

Molotov said he would have to consider the Marshall proposal. Bevin also urged the participation of all powers which had been at war with Germany. He said the Council of Foreign Ministers should not act "in a dictatorial manner" with regard to participation by the small countries.

Russia agreed today to use of the word "Nazi" instead of "Fascist" in the treaty.

TAX BILL DRAWS
WRATH OF NINE
HOUSE DEMOCRATS

(By Associated Press)

WASHINGTON, March 25.—Nine Democratic members of the house ways and means committee today assailed the Republican-backed income tax slashing bill as "a discriminatory patchwork of political expediency."

Dissenting from the committee's action last week in approving the measure, the nine declared in a report that the legislation is "neither equitable, timely nor sound."

The bill would cut taxes by a total of \$3,840,000,000. Individual cuts would range from 30 percent for small taxpayers to 20 percent for most others.

Republican committeemen simultaneously issued a majority report saying present high taxes endanger business prosperity. The majority contended the tax slash can be made and between \$2,300,000,000 and \$3,800,000,000 paid on the \$260,000,000,000 national debt.

Debate on the bill begins in the house tomorrow with a final vote set for Thursday. Republicans are confidently predicting victory for the legislation.

Veto Is Predicted

However, leading Democratic congressmen believe that President Truman will veto the bill if it reaches the White House in its present form.

The Democratic minority on the ways and means group protested that the legislation is a "windfall to the wealthiest taxpayers."

Only an "outraged public," they said, caused the Republicans to revise original plans and grant small taxpayers more than a flat 20 percent reduction.

The original bill, by Ways and Means Chairman Knutson (R-Minn.), proposed a straight 20 percent cut for all taxpayers.

The minority report recalled that President Truman has urged applying any treasury surplus this year to debt payment instead of tax cutting. The report added:

"Today, in addition to obligations held by financial institutions, insurance companies and other corporations, there are 85,000,000 individual bondholders who share in the public debt."

"Our government has a solemn obligation to these bondholders. It is now the duty of congress to demonstrate its determination to keep faith by beginning to pay off the debt."

The Democrats further charged that the proposed 30 percent cut for the lowest brackets is "the thinkest of political sugar coating."

New Garden Congregation
Hears Talk by Dr. Scott

"Mistaken Longings" were discussed by Dr. James A. Scott, pastor of the Methodist church, when he was guest speaker at a service Sunday evening in the New Garden Methodist church.

Traffic Snarled;
Damage Surveyed

A spring snow hurled by violent winds, piled damage and difficulty upon Salem and the rest of Ohio today.

It closed some schools, snarled traffic, shattered windows and leveled trees.

While the blizzard rages, the mercury hovered at about 26 degrees—the only compensation. This reading was in contrast to yesterday's high of 52 here.

Damage, although not so extensive, resulted from the storm in Salem. A strong wind, followed by a heavy fall of soft snow occurred in the early morning hours. City streets were in poor shape by 8 a. m., with numerous cars being unable to surmount even small grades.

The downtown section of E. State st. was quickly piled high with snow along the curbs, resulting in many parked cars being stuck. Streets were extremely slippery at certain spots.

The city fire department was called to the home of Mrs. Mary Welch of 403 W. State st. at 1:20 a. m. where a chimney had blown down.

Service Department Busy
The service department was summoned at 3:05 a. m. to E. Pershing st., between Penn and S. Lincoln ave., to clear a large portion of a tree which had fallen on the street. Numerous similar calls were received later in the morning.

City Service Director Frank Wilson's crews were busy picking up fallen tree limbs.

Ohio Edison Co. service workers were called out at 3 a. m. to repair wind blown wires. The majority of these damaged were service wires between the streets and homes. No poles were down. A company spokesman said he doubted if all the repairs could be made before nightfall.

No transmission trouble was reported to the company over its entire service area, which includes a large part of Columbiana county and part of Mahoning county.

Less damage was reported by the Ohio Bell Telephone Co., which had but eight wires down. Most serious damage resulted when a large tree fell, breaking off two poles and bringing down a toll cable on the Columbiana-New Waterford circuit. The cable was not broken, however, and service was not interrupted.

Repairs are expected to be completed before nightfall.

Winds Damage Airport
A hangar at the East Liverpool airport was blown in and four airplanes were damaged.

Ohio river traffic was installed by high winds and equally high waves.

Columbiana School Supt. W. E. Roberts said many rural schools were closed due to high drifts.

Schools known to be closed are Homeworth, Rogers, Beloit and North Jackson.

Rural mail carriers out of the Salem postoffice were unable to complete all of their trips.

Winds reached velocities of 65 miles an hour at Cleveland, 58 at Cincinnati, 62 in Columbus, and 70 at Akron.

More than 120,000 pupils of schools in Morrow, Summit and Cuyahoga counties took an enforced vacation. Drifting snow made roads in Morrow county impassable.

Akron Schools Closed
Every school in Akron and Summit county was idle today except at Cuyahoga Falls. An estimated 60,000 pupils were on a holiday.

Most Cleveland public schools opened, but Catholic schools shut down, affecting another 60,000 pupils.

The Cleveland transportation system staggered under the roaring of the March lion, with long delays in bus, street car and train service nearly paralyzing traffic flow.

"This storm equals any I have seen in 37 years of service as far as transportation is concerned," declared L. B. Ennes, transportation superintendent of the Cleveland transit system.

Boyle's COLUMN

BY HAL BOYLE
SARASOTA, Fla.—A circus getting ready for its spring opening is as glamorous as a middle-aged woman with her nose peeling. The road is as not-so-ideal of getting ready, the winter quarters on the Sarasota performers of the Bros. and Barnum and circus are rounding into for the season debut April Madison Square garden. The flapping canvas of tent, thick-calved young in sloppy slacks rehearse spangle or glitter while the actor's tired voice rasps over not stop with the poles. I that. Didn't I tell ya that times? Do not stop with the backed horses trot in ever-circles, lions shake their with coughing roars and 30 dream of free peanuts. lassies who never had let more than a high kick floor five weeks ago soar

limbly up the ropes to practice an aerial can-can which will give the fathers something to admire while the children are laughing at the clowns.
"It's a circus with its coat off now," said big Jim Haley, its cigar-puffing president. "Here's where the real work is."
Circus proprietors don't speak with the superlative eloquence of other years. Apparently they leased all their adjectives to the Hollywood movie producers.
"We just think we've got the finest show we ever put together—let it go at that," said Haley.
"Circus acts are like baseball plays. This year we've got an entire new team. Last season was the best in circus history. Things have quieted down a little, but we expect a good year."
The exuberant vice-president, John Ringling North, said that the 40 acts he had hired during his first post-war raid of European talent were all new to American audiences.
The circus is also continuing its wartime program of luring more grownups to tent seats by emphasizing sex as well as clowns and wild animals. John Murray Anderson is producing a spectacular show employing a hundred girls.
The girls get from \$40 to \$130 a week—depending upon whether they just dance in the ballets or also play hopscotch with the elephants.
"Each year 40 per cent of the girls are new to the circus," an official said. "Lots of 'em get married every year."
Others presumably just get tired of lying in the tanbark looking up at the toenails of an uplifted elephant's foot and wondering whether the pachyderm will slip on a banana peel.
The circus will go north this year in a hundred gay red railroad cars carrying 1,400 workers, performers and people who pass out free tickets.
Gargantua, the gorilla who looks like a gorilla, will have a little "tiny tot" competition from two baby jaguars and two newborn leopards. The jaguars are being nursed by a friendly housecat, the leopards by a dazed lady dog.
Vice President North is annoyed with the U. S. Department of Agriculture which declined to let him bring in a Belgian pig act under Belgium's immigration quota.
"They have some kind of rule against admitting cloven-hoofed animals," he said, "but one of these pigs was wonderful. He could push bells with his snout and play 'whose afraid of the big bad wolf.'"
"I'm still trying to get that pig in. We shouldn't ban educated animals like that from America."

Wildlife Meeting Planned April 10

A county-wide wildlife meeting will be held in Lisbon at 8 p. m. April 10 according to Lloyd Walton, chairman of the County Wildlife Committee.
Granges, Farm Bureaus, Sportsmen's clubs, and other rural and urban groups interested in the subject are asked to send five or more representatives to the meeting.
The committee recently organized by electing Walton, member of the board of supervisors of the soil conservation district, as chairman, Richard L. Andrus, Lisbon, president of the County Fish & Game Protective association, as vice-chairman, and Floyd Lower, Lisbon, county extension agent, secretary-treasurer.
The committee aims to promote and improve wildlife programs in the county and to create a better understanding between farmers and sportsmen as to the problems and program of each group.

Many Claim Fortune

PHILADELPHIA, March 25—Too many claimants and not enough clues still bedeviled the issue of how \$92,800 got in the cellar of a \$75-a-week, bookkeeper. Detective Lt. Frank May said today.
Since Benjamin Lieberman reported finding the money in a cardboard box two weeks ago, May said hundreds of persons had written to police headquarters claiming the box of \$10, \$20 and \$50 bills. None of the writers has been able to explain who put the cash in Lieberman's basement, May added.

Army's New Food Program Explained By Recruiter

In answer to queries regarding features of the new army food service program, First Sgt. Archie E. Hatfield of the U. S. Army recruiting sub-station in the Postoffice building, says that in addition to the big improvement in the chow, the army mess personnel will be improved with stripes; that is—
Mess sergeants will be redesignated mess stewards under the new program which the army now has in effect. These men who were formerly authorized to technical sergeant while those feeding over 400 will be authorized one technical sergeant and two staff sergeants.
All cooks will be either grade three or four. KPs will be redesignated as mess attendants. The army will operate schools in which to train men for all these jobs. Men can work up to the rank of master sergeant under this new plan.
So if it's true that a man works and fights on his stomach, Mrs. Army Food Service has taken on the important role as mother to every G. I.

Potato Goals Are Set

Producers on farms for which no potato goals were set will be eligible for price support if the acreage of potatoes on the farm does not exceed 2.9 acres, Clifford F. Shaw, chairman of the Columbiana County Agricultural Conservation committee said today.
Shaw warned that growers who are not sure whether potato goals have been established on their farms should apply to the county committee for acreage determinations. Applications must be in writing and must be filed with the committee by April 1. Such growers, otherwise, will not be eligible for price supports on this year's potato crop.

Martha Weaver Bride Of Paul Heaver

Announcement is made of the marriage of Miss Martha Weaver, daughter of Mr. and Mrs. Wilbur Weaver of R. D. Salem, and Paul Heaver, son of Mr. and Mrs. Lloyd Heaver of New Springfield, which was solemnized at 8 p. m. Saturday, March 15, in a beautiful candle-light ceremony in the Concord Presbyterian church.

Rev. Charles Best, pastor, performed the double ring ceremony.

The bride who chose for her wedding a distinctive grey lace and crepe frock, augmented with black accessories and a corsage of yellow roses and white carnations, was given in marriage by her father.

Mrs. Harry Miller played the wedding music.

The attendants were Miss Doris Miller, cousin of the bride, and Joseph Getz of Warren, cousin of the groom.

Leroy Weaver and Harry Miller ushered.

Miss Miller was dressed in aqua crepe and white carnations.

A reception for 130 relatives and friends was held in the social room of the church. A color scheme of yellow and white prevailed in the decorative motif.

Mrs. Weaver, mother of the bride, appeared in a blue crepe dress, while Mrs. Heaver, the groom's mother wore an aqua dress. Both wore corsages of carnations and roses.

The bride, who graduated from the Greenford High school, has been employed at the Murphy store until recently.

Mr. Heaver is a graduate of New Springfield High school. He is engaged in farming.

The couple took a motor trip to Kentucky. They will reside at New Springfield.

Miss Kathryn Irey returned to Cleveland Monday evening to resume her studies at the Cleveland Bible college, after spending the weekend with her parents, Mr. and Mrs. Dawson Irey near Winona.

Lingerie Reflects Wearer's Vanity

Fragile lingerie such as is worn by movie star Janet Blair, above, is an index of how important you consider yourself.

BY ALICIA HART

Your lingerie is the index of how important you consider yourself. If you revel in the flattery of pretty underthings, you should learn the rules of selection and care that will prolong glamor dividends from the fragile stuff.

Ready with advice is Mme. Thea Tewi, noted lingerie designer, who believes delicate under-cover garments should reflect the personality of the wearer.

"Being feminine, however, doesn't necessarily mean over-indulging in fancy frills," says Tewi. "Feminine appeal can be tailored and practical as well."

For wear and for the pleasure that comes from luxurious beauty, Tewi believes the best quality is the best bargain. But gossamer lingerie demands princely care and its greatest enemy is careless laundering. Never, emphasizes Tewi, should fine lingerie be dunked in a basin with a pile of other soiled clothing. These aloof beauties require individual treatment in lukewarm water and coddling suds.

Washingtonville Citizens Protest Added Bond Debt

WASHINGTONVILLE, March 25.—Between 75 and 100 residents were assembled at the citizens meeting in K of P hall Monday evening, to discuss the proposed water system. Due to the fact that Jacob Stecker was the only member of the water board present, he could not give a definite reason why they agreed the extra \$40,000 additional bonds. Don Weikart, board president, and Donald Spear, the other member, were not present.

Council at its last meeting passed a resolution authorizing the issuance of \$40,000 in bonds to fund the water system. There was no village official present.

A petition was circulated and signed by those present, protesting the added \$40,000. This will be presented to council at a meeting to be held in the near future at the town hall, at which time members of the council, the water board, village solicitor and the construction engineer, Mr. Elwell of Cleveland, will be asked to be present, so they can explain the facts.

Call New Pastor

At the congregational meeting of members voted to have a full-time Trinity Lutheran church Sunday, resident pastor. A new minister will move here as soon as the parsonage is vacated and some remodeling done.

Mr. and Mrs. Leroy Girard and daughter, Ann Marie of Oil City, Pa., spent the weekend with his parents, Mr. and Mrs. Fred Girard. Jack Weikart, Harry Brudery, Carl Tullis and Heinz Tunnat spent the weekend in Columbus attending the basketball tournament.

Robert and Cathy Ann Hughes of Youngstown are visiting with their grandparents, Mr. and Mrs. Peter East while their mother is in Salem City hospital.

Mrs. V. E. Kirks and son moved Saturday from the home of her brother, William Harmon, to a property on the Salem-Lisbon road. The Juniors of the Leetonia High school have acquired their class rings.

Enters Crile Hospital

John Stewart, son of Mr. and Mrs. Warren E. Stewart of Salem, ed.

and husband of the former Thelma Saunders, daughter of Mr. and Mrs. Claude Saunders of Millville, was taken Friday to the Crile Veterans hospital at Cleveland for observation and treatment.

Pink and white tones were combined in the beautiful appointments when Mr. and Mrs. Harry Wilkinson entertained 14 guests at a dinner Sunday in their home. The occasion honored their granddaughter, Patricia Wilkinson, on her fourth birthday anniversary.

The guest list included Mr. and Mrs. Harry Stouffer of Struthers, Mr. and Mrs. Ralph Wilkinson and son David, Mr. and Mrs. John Davis and Mrs. Freda Askey of Salem. Patty received many gifts.

Darlene, infant daughter of Mrs. Shirley Sturge, was taken to the Salem Clinic Saturday for medical treatment. She has been ill for a week.

Mr. and Mrs. Joseph East, Sr., and Mrs. Irma Indermill spent the weekend in Bessemer, Pa., visiting with Mr. and Mrs. Leland Bertolette and Mr. and Mrs. Tony Samsa.

Mrs. Richard Campbell of East Palestine is assisting in the home of her son Russell Janofa, while Mrs. Janofa is ill.

Denies CIO Connection With Ohio Farm Bureau

COLUMBUS, March 25.—Murray D. Lincoln, executive secretary of the Ohio Farm Bureau federation, denied today his organization had any connection with the CIO or that he represented one-man control of Ohio farm cooperatives.

"There is absolutely no connection between the Ohio Farm bureau and the CIO or any other labor organization," Lincoln declared.

Reviewing New Books At Library

Marshall—TOGETHER

General George C. Marshall, who was Chief of staff of the U. S. Army from 1939 until after V-J day, has been asked many times by publishers to write his memoirs. Because he refused to do this, Mrs. Marshall undertook the task and has given us the story of his assignment from 1939, when the Marshalls were married, until after V-J day. The author tells the circumstances surrounding General Eisenhower's appointment, when many expected General Marshall himself would take command in the European theatre.

Mrs. Marshall writes with that special letter-writing gift, and gives many intimate details as well as information, making a documentary source book for those who want to know what manner of man he is, as father, husband, and ordinary citizen.

Shepard—HOLDFAST GAINES

This novel, covering the period in American history from the Revolution to the war of 1812, is considered one of the best historical novels written within the past few years. Holdfast Gaines, an Indian, who was brought up by an American family, is the hero of this book in which American history comes alive. Accurate in every historical event, it gives an amazing amount of America in the making. Whether Holdfast Gaines is an historical figure, or a composite of the highest type of Indian who tried in vain to weld the interests of two lives in these pages.

Dodge—IN ADAM'S FALL

An historical novel of Old Salem in the last years of the 17th century. The witch hunt in Salem Village is the theme of Mrs. Dodge's story. Her treatment of the Puritan village background is skillfully combined with a sound plot into a dramatic novel.

Cohen—DANGEROUS LADY

Mystery readers will welcome this new Cohen book. Up to the closing chapter of the book, it is difficult to believe that there is a logical solution.

Edmonds—IN THE HANDS OF THE SENECA

This is the story of several white people who were captured by the Senecas and carried off to live in the Indian villages. Della Borst was compelled to be the squaw of one of the Indian Chiefs, but after seven years returned to her white husband. The author gives a very vivid and accurate picture of Indian life.

Burt—CLOSE PURSUIT

Lady Frances Bemesebrook, in the guise of a governess, fled from England to a Virginia plantation. In this story of her love affair with Garrett Fyfe, Virginia gentleman and patriot, much is made of Williamsburg society, against a political background of revolt against the Stamp Act.

This is a good book for readers of light fiction.

Kantor—GLORY FOR ME

This time McKinley Kantor has written a novel in verse. It is the story of three service men discharged for medical reasons and their return to their home town.

Hodgins—MR. BLANDINGS BUILDS HIS DREAM HOUSE

Mr. Blandings found a New York apartment too small for his family, so bought a farm house for \$10,000. The 50 acres proved to be only 30, and the house, after an architect spent several weeks and a good sum of Mr. Blandings' money, had to be torn down. At last the house was ready for occupancy, and Mr. Blandings' dream on which he planned to spend \$20,000 had cost \$51,000.

The book is a satire on city people who buy old farmhouses and aspire to the simple life, and contains many humorous circumstances. A shortened version appeared in Fortune magazine.

Detectives File Suit

CLEVELAND, March 25.—Six detectives of the Cleveland police department said they had filed suit with the Ohio Supreme court requesting promotion to police lieutenants without civil service examinations. They said they lost \$300 each in annual pay when the rank of detective sergeant was abolished and the promotion would restore their pay cut.

Matchbox Camera's Use During War Cited

ROCHESTER, N. Y., March 25.—Cameras small enough to fit into a man's hand and resembling a box of safety matches aided Allied agents to snap photographs behind enemy lines during World War II.

Eastman Kodak Co. revealed Saturday that 1,000 of the cameras and "vest-pocket" darkrooms were produced for the office of strategic services and underground forces in enemy-held territory.

The cameras, known as "matchbox" cameras, produced 1 1/2-inch square pictures which could be changed many times. The miniature "darkroom" with chemicals in pill form enabled the agents to develop film in a small glass with a single jigger of solution.

The camera made 30 exposure on a film two feet long.

Cast Is Chosen For 'My Sister Eileen'

Final casting has been completed for the forthcoming Salem Players production, "My Sister Eileen," which will be presented in the Salem High school auditorium May 15 and 16. Rehearsals start tonight.

This comedy will be the third of the Players four-play season scheduled and includes the following cast: Mr. Appolous, Harold E. Parker; Ruth Sherwood, Mrs. W. E. Quillian; Eileen Sherwood, Mrs. L. C. Phillips; Jensen, Robert V. Wheeler; Lonigan, Jack Lowry; "The Wreck," P. Troy Cope, Jr.; Mr. Fletcher, R. E. Davis; Helen Wade; Mrs. James Gealy; Frank Lippincott; Ray Lewis; Violet Shelton; Mrs. Eugene Strojek; Mrs. Wade, Mrs. R. E. Davis; Robert Baker, Robert Tittel; Walter Sherwood, James King; a prospective tenant, Mrs. Balford Dixon; the consul, Robert Zarbaugh.

Various members of the cast will double in certain other minor roles and in addition, still other members of the Players and George and Bruce Davis will appear as passers-by, street arabs, vendors and the like, as the play unfolds, Director Howard Dodge states.

"My Sister Eileen" is based on stories by Ruth McKenney, the original "Ruth" of the play and features the largest cast ever to be

presented by the Players club. Scenes are laid in the studio apartment of Ruth and Eileen Sherwood, Greenwich Village, New York. The two girls have projected themselves from Columbus, Ohio, in search of their careers, writing and the stage. Little do they realize that it is a cold, cruel, calculating world.

Murder Suspect Is Sole Heir To \$600,000 Fortune

SANTA ANA, Calif., March 25.—Beulah Louise Overell, 17-year-old university freshman, has been named sole heir to the estimated \$600,000 fortune of her socially prominent parents, whose deaths she and her fiancé, George Collum, 21, are held on murder charges.

Two wills, signed Dec. 31, 1937, by financier Walter E. Overell, 62, and his wife Beulah, 57, were filed for probate in Los Angeles yesterday, disclosing that their only child had been named beneficiary.

The bodies of the mother and father were recovered from Newport Harbor March 15 after their small yacht was shattered by a dynamite blast.

Sheriff James Musick of Orange county has advanced the theory that Mr. and Mrs. Overell were bludgeoned to death with a hammer before the dynamite, connected to a clock exploded.

Spurs Campaign to End Sugar Rationing Program

(By Associated Press) WASHINGTON, March 25.—Senator McCarthy (R-Wis.), claiming strong Republican backing, said today he will carry to the senate floor his fight to end sugar rationing at once.

McCarthy said efforts to reach a general agreement among the 51 GOP senators on the sugar question had collapsed with rejection of a compromise which he offered.

The present sugar controls expire next Monday. Before the senate is a bill approved by its banking committee which would extend controls a year, but give the Department of Agriculture authority to drop them next fall if feasible.

McCarthy and Senator Flanders (R-Vt.), who opposes immediate abandonment of rationing, were delegated by the senate Republican conference to seek a compromise.

McCarthy said it didn't work out. He told reporters he is willing to extend rationing to Oct. 31—the date set in a bill passed by the house—provided the housewife is given a sizeable increase and industrial uses held at present levels until there is sufficient for home canning.

If this proposal fails, McCarthy said, he will revert to the bill which he and Senator Bricker (R-Ohio), introduced to wipe out rationing on the theory there will be enough sugar to go around this year. The bill would set up inventory controls to prevent hoarding. Export controls would continue.

Friends Ministers Meet

Rev. Robert Mosher was host to the Damascus Quarterly Meeting Ministerial association Monday evening at the First Friends church.

Members were in attendance from Alliance, Damascus, Beloit, East Goshen and Winona.

Rev. C. E. Haworth was in charge of the subject study, "Ministerial Ethics." Refreshments were served.

Rev. Russell Myers of Alliance will be host Monday evening, April 28.

Bevin Works Toward British-Soviet Pact

(By Associated Press) MOSCOW, March 25.—Foreign Secretary Ernest Bevin of Britain conferred last night with Prime Minister Stalin, and it was au-

thoritatively learned that Bevin urged the strengthening and extension of the British-Russian alliance against German aggression.

Bevin also was understood to be ready to discuss with Stalin a United States proposal for a four-power pact covering German demilitarization for 40 years.

It was understood that the meeting was arranged after Bevin had asked the Russian foreign office

for discussions on the British-Russian treaty, signed in 1942. Britain has urged extension of the 20-year treaty to 50 years.

Bevin rode through rain splashed streets to the Kremlin for the conference. French Foreign Minister Georges Bidault conferred last week with Stalin.

U. S. Secretary of State Marshall is the only visiting member of the four-power conference of foreign

ministers who has not met with the generalissimo.

Utah Downs Kentucky to Gain East-West Finals

POSSIBILITY GOOD FOR PLAYOFF WITH NCAA CHAMP LATER

Utah Comes Steaming In To Upset Kentucky's Top-Rated Team

(By Associated Press)
NEW YORK, March 25.—Utah university's spunky cagers held the championship of the national invitation basketball tournament today as Oklahoma and Holy Cross prepared to take the floor at Madison Square Garden tonight in the NCAA east-west finals — and the possibility of a playoff between the two titlists was still alive.

Coach Vadal Peterson's Utah Redskins, who came into the invitation tournament without the prestige of a seeding, won the title last night by turning back the heavily-favored defending champions from Kentucky university, 49-45, before an approving crowd of 18,468.

Oklahoma, which won the western regional NCAA playoffs by beating Texas in the finals, and Holy Cross, conqueror of City College of New York in the eastern regional finals, meet tonight after Texas and City College collide in the consolation bout.

A committee of metropolitan coaches named Vern Gardner, Utah center, the most valuable player in the tournament.

Indians Rap Oval But Lose To Sox

HOLLYWOOD, Calif., March 25.—Bolstered by a recent display of slugging power, the Cleveland Indians return to minor league competition today with an exhibition tilt against the Hollywood Stars of the Pacific Coast league.

After bowing to two other coast league teams last week, the Tribe uncorked a potent 18-hit attack against the Chicago White Sox, but was defeated, 14-10, yesterday. Indian right-handers Ray Foat and Ed Kileman were rapped for 10 runs in the first three innings.

Bob Lemon throttled the Chicago outburst the rest of the way, but the Tribe never overcame the handicap. Paced by Rookie Gus Zernial's homer, the Indians exploded for three-run rallies in the sixth and ninth but finally were halted by Relief Hurier Gordon Malzberger.

(By Associated Press)

MIAMI, Fla., March 25.—Jerry White, regarded by many as heir apparent to the American league's home run championship that was vacated when the Detroit Tigers sold Hank Greenberg, king of the round-trip wallpoppers, to the Pittsburgh Pirates, is beginning to find the four-base range.

The 29-year-old first sacker, who wound up the American league campaign with the Browns last year after clouting 46 homers in the regular season and three in the American association's All-Star game while playing for Toledo, has hampered four balls out of the lot for the Browns so far including two against the Brooklyn Dodgers' "B" team yesterday.

SARASOTA, Fla.—The St. Louis Cardinals did not employ the "Dyer Shift" against Ted Williams as they did against the Boston Red Sox slugging in the World Series yesterday. Williams managed to draw a walk and single in five trips to the plate as the Red Birds came from behind and beat the Carmine Hose, 6-4. Enos (Country) Slaughter singled home the deciding run for the Cards.

LOS ANGELES—General Manager Jim Gallagher indicated today the Chicago Cubs still are interested in obtaining Shortstop Eddie Miller from the Cincinnati Reds. Meanwhile, the Cards announced the release of Ray Price and Russ Bauer, veteran right-handers, to their Los Angeles Pacific Coast league farm club.

LOS ANGELES—Manager Ted Lyons plans to take his entire Chicago White Sox squad of 46 players into Chicago for the windup of the club's series with the Chicago Cubs.

FORT LAUDERDALE—Venerable St. John's, who hasn't pitched for three weeks because of a lingering cold, will get his first chance today when the Boston Braves entertain the Philadelphia Athletics.

ST. PETERSBURG, Fla.—The Detroit Tigers, who shut out Buffalo, yesterday, 6 to 0, take on a big league club again today as they meet the New York Yankees here. Dizzy Trout is slated to start for Detroit, and Hal White and Stubby Overmire also may be called for mound duty.

Jimmy Doyle Now On Comeback Way

Wins Clear-Cut Decision Over Danny Kapilow At Arena Monday

(By Associated Press)

CLEVELAND, March 25.—Sleek and sharp as he was before his forced retirement a year ago, Los Angeles Jimmy Doyle today had cleared one hurdle on his comeback trail.

A year ago Jimmy was in the hospital with a brain concussion after a knockout by Middleweight Artie Levine and many thought his ring days were over; but the dead-panned Californian proved last night that he could come back by slashing his way to a clean-cut decision over Brooklyn's hard-hitting Danny Kapilow in a 10-rounder at the Arena.

The triumph—his fourth in a row since his return to action—earned Jimmy a shot at Ray (Sugar) Robinson's welterweight title here May 26.

Doyle started slow, but after Kapilow took the first two rounds Jimmy started to function and from there on left little doubt as to who was in charge.

Each fighter weighed 147. The bout drew 6,621 customers who contributed to a gate of \$25,487.

DEPARTMENT OF INFORMATION

Local golfers who play the Sebring Country club course near North Benton each year will be pleased to hear that Carl McQuilkin, well known Salem golfer, has been employed as the pro at the Sebring club for the summer.

McQuilkin, incidentally, is the same lad who measured Lawson Little in an exhibition at the Sebring club a few seasons ago.

Carl will serve in a pro-manager capacity in the North Benton golf center.

Besides the country club facilities there the Berlin dam now furnishes an excellent fishing source. Miller airport is an attraction for flying enthusiasts and the club itself has tennis courts and other playground specialties.

OUT OF THE MAILS

Cy Butler, secretary of the Alliance Boosters club, writes that the club is sponsoring a get-together and dinner for sportswriters and radio men of this section at the Elks lodge, Alliance, Friday evening, April 18.

After the dinner the group will attend the Alliance High spring football game between the 1948 candidates and the Seniors from the 1947 club.

The Alliance Boosters club, after somewhat of a lull in activity for the past four or five seasons, has become a live and coming organization since Mel Knowlton took over the reins.

ODDS AND ENDS

George McKinstry, East Palestine basketball mentor, will speak on his experiences as an umpire in the Blue Ridge league (a minor league) at the meeting of the Alliance Hot Stove league at city hall, Alliance, at 8 p. m. Wednesday.

Salem fans are invited—Coach Doc Carlson of Pitt will speak at the Columbiana basketball banquet April 16. Sid Gillman of Miami university will be in the Salem area the first week in April.

Wrapping Up Loose Ends Of Ohio Cage Championship

BY FRITZ HOWELL
Ohio AP Sports Editor

COLUMBUS, March 25.—Wrapping up the loose ends of the Ohio High school basketball championship—

Those medals and trophies presented to Middletown and Columbiana while thousands cheered at the Coliseum Saturday were in the hands of noble athletes only a few minutes—and were strictly phonies insofar as basketball was concerned.

The awards, ordered last September, failed to arrive in time for the ceremonies, so a set was borrowed from a downtown store and presented to the victors. Columbiana received the set in the afternoon, Middletown got it Saturday night, and the store got it back Monday morning.

If and when the correct ones arrive, they'll be sent on to the champions.

Expense and bonus checks to six of the eight finalists—totaling \$3,396—were mailed out today by Emswiler's office. East Liverpool and Phillipsburg, which had not yet filed expense accounts, were not included, but the commissioner expected their stipends would boost the total to over \$4,000.

Emswiler also announced that financially the State Athletic association is starting over, as of now.

He said the association had \$50,000 on hand, but that it would be placed in escrow to take care of the high school athletic insurance plan which he insisted would be in effect come September.

He expected the association's profit from the 1947 tournament to exceed the \$46,000 derived last year from the same source.

Outside the Coliseum Saturday night, tickets for the Middletown-East Liverpool game were being "scalped" for as high as \$18, with plenty of sales reported at \$5 and \$10.

Some 5,000 persons couldn't jam their way in with the other 9,237, and Emswiler has a plan to take care of the outsiders next year. He said he would hook up a loud speaker to the public announcement system, and blare the details to the non-ticket holders grouped around the big arena.

DEMAND FOR HAY SEEDS STILL HIGH

Columbiana county farmers are urged to continue high production of red clover, alfalfa and timothy by Chairman Clifford F. Shaw of the County Agricultural Conservation (AAA) committee.

Large quantities of these seeds are needed to meet the requirements for soil conservation throughout the nation, Shaw states. Ohio goal for alfalfa is approximately 10 per cent higher than the 1946 harvest, alfalfa goal is about the same as for 1946 and the red clover goal is a little above the 1946 harvest.

War-time demands for certain

crops have seriously disrupted grass and legume conservation practices in many areas. Lessening needs for many wartime crops will permit farmers to seed more grasses and legumes. This is expected to support a continued strong demand for many seeds, Shaw emphasized.

In general, good markets can be expected for alfalfa, clover, and bluegrass seeds. Moderately strong demand is anticipated for most other grass seeds and lespedeza. A weak market is indicated for such seeds as orchard grass where production exceeds requirements.

Hardy Flowers

Flowers bloom outdoors the year round at a latitude 650 miles north of New York, in the Scilly Islands, off England's southwestern corner.

Refuses To Testify; Cited For Contempt

WASHINGTON, March 25.—The house unAmerican activities committee today unanimously cited Leon Josephson of New York for contempt. He has refused to testify to a subcommittee.

Josephson was described in testimony to the committee Friday as

a member of the Russian secret police and a figure in a passport forging ring in America.

The subcommittee, which held hearings in New York, sought to question him about false passports.

The contempt citation will be sent to the entire house. If it approves, the citation then will be turned over to a United States district attorney to present to a grand jury. Conviction of contempt of the house is punishable by up to \$1,000 fine and a year in jail.

Josephson said in an interview in

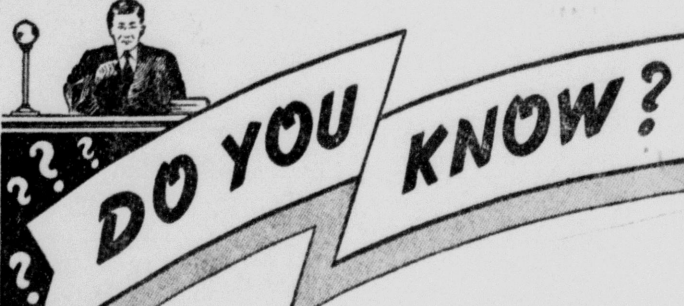

Dayton, Ohio, Saturday that he once signed a passport as an identifying witness for Gerhart Eisler. The committee has called Eisler the "supreme" Communist authority in the United States.

But Josephson said the testimony regarding him before the committee was an attempt to "smear" him. He said it was part of a "movement to create a Communist scare in this country."
